

Digital hearing protection with active noise compensation and sound amplification

tested by

Wild und Hund

IMPULSE
CRESCENT
HEARING PROTECTION

The hearing protection for **professionals** – this opinion is also shared by nine-time German hunting course champion Christiane Roth, who is ranked among the top six in the world.

Crescent IMPULSE hearing protection

- The most lightweight digital hearing protection in the world (patented design)
- Suitable for 90% of all users (no adjustments required)
- Compact design
- Four individual application programs; easy to use
- Amplifies, so the wearer can detect approaching game extremely early on when sitting in a raised hide
- Wearer's hearing is protected when shooting or in loud environments thanks to the active noise compensation
